WineWise Notes:

What a pleasure to find another example of this great vintage available to us. It is an unusual rendition of the Blanc de Noirs concept, but the result is vivid and chiseled. After 7 years sur lies, secondary development is just beginning in a champagne that displays both power and finesse.

The sleepy village of Charly on the very western frontier of Champagne, is home to a number of interesting producers, none more than this newly-discovered house. It was formed by the union of the two eponymous families in 1968, five years after they had joined together with other growers to form a co-operative in Charly. They remain members to this day, though the majority of their grapes are vinified in their own impressive facilities. Proprietors Laurent and Christine took over in 2000 and have always had a brisk trade on the domestic market, particularly with private customers. WineWise is actually their first American customer, and proud to be bringing their thoughtful range of diverse wines to the California market.

The family, including the three children, are all keen amateur musicians – a fact reflected in the names of all their cuvées. The domaine covers 8.2 hectares of vines, which average 40 years of age, including a small plot around the house dedicated to three arcane varieties. The wines undergo systematic malolactic fermentation, and aging en tirage is longer than the average. We were impressed by the finesse and incisiveness across the board. It was frankly hard to leave any cuvées behind, but we have started with a judicious selection that we think shows off their strengths. This is a house that exemplifies the strides being made by ambitious growers in the new era. It should be noted that tragedy befell the family in the summer of 2018 when Laurent succumbed to illness at the unthinkable age of 45. Christine has taken over the reins and is showing great determination and optimism.
