Notes from the Producer:

Millésime is a cuvée dedicated to the best wines from each Vintage. Each harvest is different in style and this cuvée will be the tribute to each year. This is a selection of the best wines of the harvest 2013, aged on lees : Blend of 2/3 of Pinot Meunier (stainless steel tanks) and 1/3 of Chardonnay from Brisefer single vineyard (Oak Barrels).

As is typical for the Champagne region, our domaine has lots of small, separate plots, including at least 42 vineyards divided between the villages of Mareuil-le-Port, Oeuilly and Troissy. We have a wide variety of exposures, geology and grape varieties. Our vines are planted at many different altitudes and have a wide range of ages. This creates many nuances which express themselves in our different wines. This cuvee reveals the Pinot Meunier character, favorite grape variety in the Marne Valley area and iconic identity of our Vineyard. Jérôme Dehours runs the estate, which was founded by his grandfather in 1930. In 1996, Jérôme Dehours stopped this activity to focus on the vineyard. This marked a complete reset of the company (stock, material, clients,...)with an emphasis on the Terroir identity, together with more respectful and healthy practices (for both the environment and human beings).

WineWise Notes on Dehours & Fils:

In a way, the counterpart to the new parcel wines is this new venture – a vintage wine to be made EVERY year combining two-thirds Meunier from the best parcels, fermented in steel, and one-third Chardonnay from Brisefer, done in oak. Six years en tirage have lent it gras and harmony.

First of all Jerome Dehours himself, a debonair, fast-talking man of exceptional lucidity and passion. To get a sense of his uniqueness, you can read, the remarkable manifesto he publishes about his enterprise which describes every aspect of his work, down to the brand and engine size of his tractors. He took over the domaine in 1999 and started a conversion to organic viticulture, which is now complete. The domaine consists of 42 parcels, all within close reach of the winery. Dehours was the first producer in Champagne to offer “vins parcellaires” a year, all of which are held back for an above-average period before release to the market. (A superlative late-released 2003 from that most unfashionable vintage was the single most stunning wine tasted on this recent tour). The wines are not filtered, all enjoy a passage through wood, and they are allowed to go through malolactic fermentation naturally in the spring. The yeasts used are indigenous, but Dehours makes their own cocktail of the best. Jerome likes to employ the tailles, so often sold off by other producers, feeling that they impart useful and attractive qualities to the finished wines. Certainly, the prevailing cashmere elegance of his range is testimony to the fastidious care with which he works -a fact recognized by an adulatory press in France and important customers among the big houses who ask him to press their grapes for them. We count ourselves lucky indeed to have this important agency in our portfolio.
